SOP5. SINK CLEANING

STEP 1. PREPARE Ensure protective clothing is worn as advised and your hands are clean and dry. Carry out safety checks on the equipment as instructed in the user manual. Place all warning/safety signs are correctly positioned around the area to be cleaned. Wearing the disposable gloves, remove any large debris and place in the refuse sack.

STEP 2. SETTING UP Set the machine ready for use as per the user manual supplied. Fill/refill the water bottle to the correct level. Ensure the waste vacuum bucket is empty. Open doors and windows in the area to allow the steam to ventilate.

STEP 3. LETS GET STARTED Fit the detail nylon brush to the short steam lance. Connect the short steam lance to the steam and vacuum hose, ensuring you lock the clip. Fit the steam and vacuum hose into the front of the machine ensuring the steam flap clips into place. Turn the steam control knob (if applicable) to your desired setting. Press the red steam trigger under the handle to dispense the steam.

STEP 4. CLEANING Steam Clean and scrub sinks, taps, pipe work and basins – inside and out. Ensure all surfaces are covered, work systematically. Remove the detail brush from short steam lance, being careful as this will be hot!! Direct the short steam lance under tap fittings to blast out dirt. Fit the 50mm Nylon Brush to short lance, place brush over plug hole for 30 seconds to steam sanitise.

STEP 5. COMPLETION Use the correct colour coded cloth or paper towel to wipe away any splashes on the skirting boards. Steam clean all equipment that has been used and tidy away, along with safety/warning signs. Dispose of gloves and refuse sack. Wash and dry hands.

Always Think Health & Safety

DO - Read and understand user manual before carrying out any cleaning tasks

DO - Display Safety/Warning signs in the correct places

DO - Lock the steam trigger before changing or connecting accessories

DO - Report any problems or damage to the machine immediately

DO - Maintain the machine in accordance with instruction manual

DO - Use the correct specification of extension lead suitable for the machine

DO - Ensure correct PPE is worn

DO NOT – Use the machine if you are untrained

DO NOT - Use this machine near people, children or animals

DO NOT - Point the steam at other electrical apparatus

DO NOT - Use the machine to clean the machine down

DO NOT - Use on Velvet, satin or leather

DO NOT - Leave this machine unattended whilst connected

DO NOT - Hold or touch the steam outlet. This will be extremely hot.
